

Daniel McCool is a grassroots political activist in Harris County. He worked behind the scenes for various candidates and causes for 25 years before tossing his name in the hat to run for Texas Senate District 11 in 2011. Daniel lost that bid but gained respect and recognition from conservatives when he pledged not to accept donations from Lobbyist and then matched dollar for dollar the donations he did receive from voters of SD11.

Daniel is the Past President of the Clear Lake Area Republicans and currently serves as their Vice President. He has served as their Treasurer and has been their primary organizer for all their fundraisers and town hall events since 2009.

Daniel has been instrumental in expanding the conservative Republican philosophy in southeast Texas. Daniel is the founder of the Lone Star Republicans PAC which services east Harris County and Liberty and Chambers Counties. He currently is their Vice President.

Daniel also founded the South Belt Area Republicans; a PAC that services the I-45 corridor from Friendswood north to Gulfgate area.

Daniel is also active in many of the local Tea Party groups. Additionally, he organized the new Wake Up Texas initiative, which is a voter education initiative that spreads the word to the citizens about traditional Conservative Values and why it's the right path for Texas.

Daniel is a 24 year veteran Deputy Sheriff with the Harris County Sheriff's Office and has earned numerous certifications and awards for his public servant duty to the community. Daniel has also served the community as an Election Clerk, GOP Precinct Delegate, GOP Senate Delegate, and Sergeant at Arms for the Texas GOP Convention.

Through his dedication and hard work, Daniel has built a strong reputation and a conservative leader. You could say Daniel is a poster child for the "Grass Roots".
